Journal of Economics and Business

Volume 34, 1982

Contents

Jacob Hornik and Chem L. Narayana	Path-Type Reliability Assessments for Consumer Panel Data	1
Donald Hempel, Michael V. Laric, and Lewis Mandell	Vertical Performance Management: Strategic Implications for Financial Service	13
James A. Yunker and Penelope J. Yunker	Cost-Volume-Profit Analysis under Uncertainty: An Integration of Economic and Accounting Concepts	21
Son-Nan Chen and Arthur J. Keown	Differencing Interval and Autocorrelation Effects on Portfolio Diversification: Additive Versus Multiplicative Assumptions	39
Ivan E. Brick and Ephraim F. Sudit	Labor Market Equilibria under Limited Liability	51
Stephen Martin	Industry Demand Characteristics and the Structure-Performance Relationship	59
Daniel L. Rubinfeld	Multiple Regression with a Qualitative Dependent Variable	67
John C. Eckalbar	Liquidity Constraints in Sequential Economics	79
R. Carson	Involuntary Layoffs and Rigid Wages	87
Yehoshua Liebermann and Jacob Paroush	Economic Aspects of Diffusion Models	95
Ronald C. Lease and Wilbur G. Lewellen	Market Efficiency across Securities Exchanges	101
R. F. Lucas, L. V. St. Louis, and Z. Endeshaw	An Econometric Assessment of the Canadian Wage and Price Control Program: 1975:4–1977:4	111
Stephen A. Rhoades	Size and Rank Stability of the 100 Largest Commercial Banks, 1925–1978	123
Douglas W. Mitchell	The Optimal Policy Rule under Rational Expectations and Multiplier Uncertainty	129
Michael L. Marlow	Bank Structure and Mortgage Rates: Implications for Interstate Banking	135

Contents

Mark Meador	The Effects of Mortgage Laws on Home Mortgage Rates	143
Gerald P. Madden	The Separation of Ownership from Control and Investment Performance	149
Lawrence H. Hadley	Some Evidence on the Role of Money Illusion in Labor Supply Behavior	153
Frank J. Fabozzi	A Note on the Association between Systematic Risk and Common Stock and Bond Rating Classifications	159
Michael L. Marlow	The Economics of Enforcement: The Case of OSHA	165
	Special Feature: Corporate Ethics and Social Responsibility	
Clarence C. Walton	Corporate Social Responsibility: The Debate Revisited	173
William J. Byron, S.J.	In Defense of Social Responsibility	189
Willard E. Witte	A Short-Run Analysis of the Effects of Portfolio Realignments Due to Money Market Innovations	193
Cheng F. Lee and Carl R. Chen	Beta Stability and Tendency: An Application of a Variable Mean Response Regression Model	201
Nahum Biger	Capital Market Integration: Some Evidence from Foreign-Controlled Securities	207
Richard W. McEnally and Michael G. Ferri	Determinants of Systematic Volatility of Corporate Bonds	215
John Z. Drabicki and Akira Takayama	Minimum Wage Regulation and Economic Growth	231
Bharat R. Kolluri and Subrahmanyam Ganti	Empirical Evidence on the Natural Rate Hypothesis and Fisher Effect for the U.S. 1953-1978	241
Baldev Raj and H. D. Vinod	Bell System Scale Economies Estimated from a Random Coefficients Model	247
William R. Reichenstein and Frank J. Bonello	Aggregate Supply Considerations and the St. Louis Equation	253
Michael C. Lovell	Are Treble Damages Double Damages?	263
Daniel R. Hollas and Robert Stanley Herren	An Estimation of the Deadweight and X-Efficiency Losses in the Municipal Electric Industry	269
Charles A. Holt, Jr.	On the Use of Profit Data to Estimate the Social Cost of Monopoly Power in an Oligopoly	283
Son-Nan Chen and Cheng F. Lee	Bayesian and Mixed Estimators of Time Varying Betas	291
James Bradfield	Optimal Dynamic Behavior of a Market Maker in Choosing Bid and Asked Prices	303
Thomas G. Cowing and Rodney E. Stevenson	Automatic Adjustment Clauses and Allocative Efficiency in Public Utilities	317
John W. Peavy, III and S. Michael Edgar	Long-Run Implications of Industrial Bond Ratings as Risk Surrogates	331

Alan Grimshaw and Robert O. Edmister	SBA Default Rates: Selection Bias and Credit Deterioration	343
Robert A. Collins and Richard D. Green	Statistical Methods for Bankruptcy Forecasting	349
Stephen A. Rhoades and Roger D. Rutz	The Impact of Bank Holding Companies on Local Market Rivalry and Performance	355
Robert C. Dauffenbach	The Determinants of Occupational Mobility Patterns among Blue-Collar Jobs	367
W. P. Hogan, I. G. Sharpe, and P. A. Volker	Capital Market Efficiency and the Relationship between Equity Returns, Interest Rates, and Monetary Aggretates in Australia	377
Dwight Grant	A Market Index Futures Contract and Portfolio Selection	387
John E. Kwoka, Jr.	Regularity and Diversity in Firm Size Distributions in U.S. Industries	391
	Index	397
